OPPTA ONLINE

www.IN.gov/idem/oppta

IDEM's Office of Pollution Prevention and Technical Assistance provides businesses and citizens with a variety of information ranging from assisting businesses confidentially to helping Hoosiers find recycling programs in their neighborhood. To enhance OPPTA's assistance efforts, this brochure highlights a few of the more popular topics you will find on its web site. This information and much more is just a click away!

Recycling Searchable Database

www.IN.gov/idem/oppta/recycling/locations

Want to know where to recycle newspapers, glass, plastic and more in your community? OPPTA has developed a searchable (by county) recycling database. You can select from 36

different materials to recycle. Included in the results are addresses and phone numbers of the sites currently accepting recyclables at a location near you.

TRI Searchable Database

www.IN.gov/idem/oppta/tri

TRI
Searchable
Database

What types of toxic chemicals are being released in your neighborhood? On this site, you can search by county, manufacturer, or chemical to answer this question and many others. You can view past years' data to trend chemical releases and can even identify who is releasing them.

Source Reduction/ Recycling & HHW Grants

www.IN.gov/idem/oppta/recycling/grants

Here you can find information on how to obtain recycling and household hazardous waste grants.

A downloadable application along with policies regarding these programs can be easily found. A map of Indiana is available showing staff to call for guidance or technical assistance.

Information geared toward concerned citizens, teachers, government officials, and students can be found for recycling and household hazardous waste.

Governor Award's/ Recognition Programs

www.IN.gov/idem/oppta/govawards

Every year, the Governor of Indiana recognizes exemplary companies in the area of Recycling and Pollution Prevention.

At this site, you can download applications for both of these recognition programs and research innovative approaches by reviewing past winner projects.

Compliance & Technical Assistance

www.IN.gov/idem/ctap

Are you looking for confidential environmental compliance assistance? The Compliance & Technical Assistance Program (CTAP) is here to help Indiana businesses understand the regulations that may apply to them.

Staff are available to assist you with questions about air, water, or waste regulations. You can call them directly at 800-988-7901 or check out the web site for more information.

If you fall into one of the following business categories, you will find detailed information about regulations effecting your industry on the web site.

- ◆ Childcare*
- ◆ Collision Repair/ Auto Refinishing*
- ◆ Degreasers
- ◆ Drycleaners*
- ◆ Electroplaters
- ◆ Fiberglass Product Manufacturers*
- ◆ Hospitals
- ◆ Mercury Generators
- ◆ Mineral Aggregates Facilities
- ◆ Printers*
- ◆ Surface Coating Facilities
- ◆ Wood Finishing Facilities*
- ◆ Vehicle Maintenance Shops*

Businesses marked with an asterisk (*), indicate that compliance manuals and/or recognition programs are now available. The manuals and recognition programs can be viewed and downloaded through the website.
